

P7 SERIES 6" DRIVING LIGHTS

SKU: B6P710W

TRUSTED ON THE FRONTLINE.

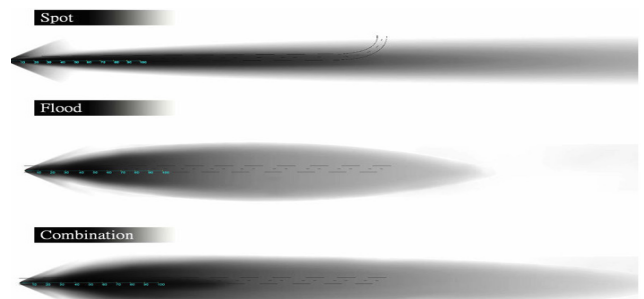

This premium quality LED light features genuine CREE LED chips for incredible brightness, and tough polycarbonate lenses that can withstand even the roughest conditions. Plus, the heavy duty powder coated aluminium housing ensures excellent durability. And for extra convenience, this light utilizes a Deutsch connector. Finally, PWM thermal and power management keep your light running at peak performance.
