

ROX Series Rock Lights

Single, Dual Colour & RGB Options

UNCONDITIONAL PERFORMANCE.

These compact near bullet proof high output rock lights provide a direct surface mount solution in applications where there are no standard fixtures to fit lights. Highly versatile 120 Degree wide output flood offers endless installation possibilities.

Whether you're lighting the path for your four wheel drive, a truck hitch area or boat deck, their IP69K waterproof rating and 2 years warranty has you covered for years to come.

ANY PLACE. ANY HOW.

Rain, hail, or shine; our ROX Lights are built to last. With an endless range of application options, the BASE6 ROX Lights will suit any need.

Built tough! Our Rock Lights have been tested to an IP69K standard. This means that you can mount the ROX lights to any desired position on your vehicle, while being sure that the lights will be able to withstand any water immersion or high-pressure spray downs.

ITS IN THE DETAILS.

The BASE6 ROX Work Light is a compact, high-output, direct surface mount solution ideal for camping, 4WD, and a wide range of applications, delivering 966 raw lumens to easily illuminate up to 30sqm. Available in single colour, dual colour, and RGB options, these lights come in black or marine white housings with configurations including Amber, Amber/White, Blue, Green, Red, White, and RGB LEDs, as well as pack options such as a pack of 2 or sets of 6 with a 6-channel controller. With a wide range of mounting accessories for versatile installation and backed by a 2-year warranty, ROX Lights are built to last—offering reliable performance and premium quality you can depend on.

TECHNICAL INFO.

| | |
|-------------------|---------------------------|
| WATERPROOF RATING | IP69K |
| INPUT VOLTAGE | 10-30V DC |
| CURRENT DRAW | 0.4A |
| LED'S | 3x OSRAM |
| BEAM SPREAD | 120 Degree |
| LUMEN OUTPUT | 966 Raw |
| WATTAGE | 6W - Each |
| CERTIFICATION | CE, RoHS, IP69K, E4, R87, |
| WARRANTY | 2 Years |
