The FM880LED is an innovative full featured LED bull bar lamp comprising indicator, front position and integrated daytime running lamp (DRL) functions in a single package solution. The lamp provides an additional safety feature of fully compliant DRL. This lamp features a heavy duty construction designed specifically for SUVs and extreme environments, the clear lens design is highly aesthetic to match modern vehicle styling. An intelligent mounting system allows for the lamp to be mounted via tabs or rear mounted if required. Dimensions of the FM880LED allow for retrofit, upgrade or replacement of similar style older bull bar lamps. Suit OE, SUV and commercial applications.

Features

- Full function with integrated DRL
- Highly aesthetic lens design to suit modern vehicle styles
